

Example configuration files

Download file, copy it to microSD card (FAT/FAT32 filesystem), insert into display and go to Controller - Updates and settings - Import Don't change filename, or controller will not find it. If it was renamed by system (multiple files with same name) you need to fix filename. Standard names for controller configurations: ncconf.cfg, ncconf2.cfg, ..., ncconf9.cfg

Small geared motors

Includes PID regulators preset for small geared motors.

Import configuration 6

Surron basic configuration

Standard surron configuration.

Import configuration 2
