

Example configuration files

Download file, copy it to microSD card (FAT/FAT32 filesystem), insert into display and go to Controller - Updates and settings - Import. Don't change filename, or controller will not find it. If it was renamed by system (multiple files with same name) you need to fix filename. Standard names for controller configurations: ncconf.cfg, ncconf2.cfg, ..., ncconf9.cfg

Small geared motors

Includes PID regulators preset for small geared motors.

Import configuration 6

Surron basic configuration

Standard surron configuration.

Import configuration 2
